V-Touch Mountain Spa

Dear host

The focus is on your guests' "feel-good moments". We would like to support you in this. Discover our diverse and environmentally friendly hotel cosmetics series. Let yourself be surprised by the different fragrances and product forms. We offer our products in small sizes as well as in practical, sustainable dispenser systems or refill canisters. Your guests will be delighted!

Do you know our sample service? All hotel cosmetics series can be viewed and tried out in advance using our sample sets.

Further advantages are:

- All products are dermatologically tested & pH-neutral and free from parabens, mineral oils and microplastics.

Made in Europe:

Our cosmetic series are manufactured in Europe

- Environmental responsibility:

Our dispenser bottles are made from recycled plastic. Our small sizes are gradually being converted to recycled plastic bottles.

Our environmentally friendly V-Touch CIRCULAR LIFE also has the Nordic Swan Ecolabel:

This certification guarantees that there are no harmful chemicals in the products that could damage the environment. In addition, mainly organic raw materials are used, which are also energy-efficient and have reduced greenhouse gas emissions. The ecological tubes in the range and the fully recyclable dispenser systems make an active contribution to environmental protection.

Make your guests' stay unforgettable!

The ecological tubes in the range and the fully recyclable dispenser systems make an active contribution to environmental protection.

The innovative opening system is a very special feature of the care range: the opening must be broken before the first use and then screwed down, so you can see at a glance whether the product has already been used.

The series is certified with the Nordic Swan Ecolabel. The Nordic Swan Ecolabel is a European ecolabel system. This quality seal guarantees the user that the care products meet the strictest criteria in terms of environmentally relevant properties, packaging and product performance over the entire life cycle.
